COMPANY PROFILE

We provide end-to-end solutions to our clients with respect to exhibitions and events. We are a leading private trade fair services, and management company. We provide our services into the exhibition, trade fairs, conferences, events, star nights, and promotional activities all over India for last 30 years. Our management and advisory divisions provide a comprehensive service covering all areas of India, combining the proven track record and expertise that enable our clients - multi-nationals, governments, international agencies, and many others - to minimize risk and maximize opportunity. With a network of offices, staff, and contacts Through-out India, we can provide detailed advice and support carefully tailored to the specific requirements of our clients as they explore the possibilities of extending their operations; as well as vital, dependable security and commercial insight once they are on the ground.

We provide the support our clients need to inform their most important business decisions, and we work to ensure that they have the very best protection for their staff and their investments. We believe that our company is unique because it provides an integrated service comprising the first-hand experience of operating in some of the most demanding environments with expert analysis of the forces and currents that shape our world. That is why we can combine a vast range of talents and abilities to provide our clients with the support they need as they venture into new and challenging markets, optimizing their performance and letting them get on with the business they know best. At Hi-Secure Exhibition Services, we are about creating inspiring exhibition services experiences that go beyond the organizer's connection toward establishing a successful exhibition.

Our purpose is the same now as it has always been: to provide professional services to remove the hassle. With more than 150 projects and other events in India, Hi-Secure Exhibition Services is a national player in providing various services in trade fairs.

As one of India's leading trade show Service Provider, we serve our customers pan India in more than 150 Projects around the country. Here in India, we are providing our professional Services into trade fairs for Stand Fabrication, Branding, Legal Permissions, Coordination, Site Management, Security, Fire Fighting, etc. At all our Services, you will find innovative ideas, quality networking, and practical.

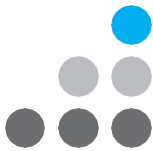

MISSION & VISION

"Experience always speaks and Events are all about Experiences and Colorful Dreams and hence here we are" To add color to your exhibition... "making your dream events larger than life and making associates proud of the colors that we fill in their dreams with our experience!!!"
