

**“From Molecule to Market
—Smarter Science Starts
Here”**

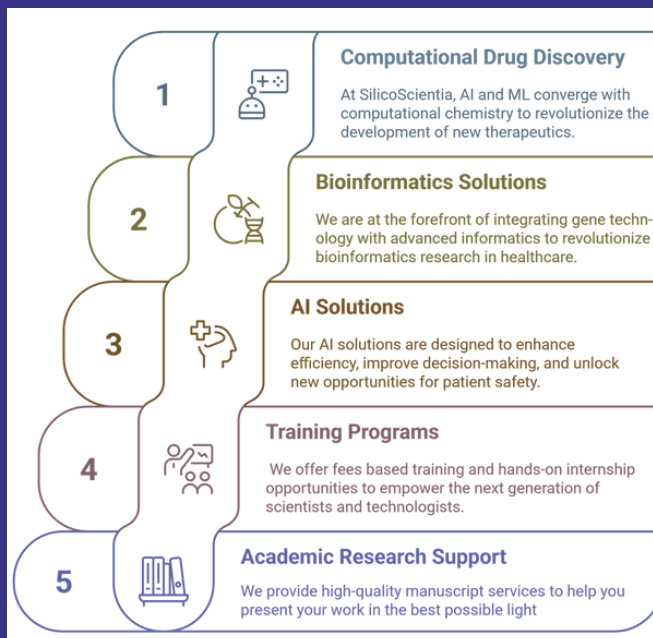

ABOUT US:

SilicoScientia is a revolutionizing healthcare by integrating technology with multidisciplinary expertise in Bioinformatics, Chemoinformatics, AI, and Computational Biology. We specialize in analyzing complex biological data, identifying drug candidates, and designing precise therapeutic solutions. With a focus on scientific excellence, we drive innovation in computational drug discovery and AI to advance healthcare and sustainability.

**Empowering Innovation in Drug
Discovery**

WHAT WE OFFER

CHEMINFORMATICS

AI-Powered Drug Discovery

QSAR Model Development

Structure-Based Drug Design (SBDD)

Toxicity and ADME Analysis

AI in healthcare

Personalized Medicine.

Predictive Diagnostics

Advanced Analytics

Training Programs

Real-World Projects

Mentorship Advantage

Career Acceleration

Hands-On Expertise

Academic Research Support

Scientific Editing

Manuscript Formatting

Publication Support

Grant Proposal Assistance

Manuscript Editing

Manuscript Formatting

Bioinformatics Solutions

Multi-Omics Integration

Predictive Genomics

Proteomics and Protein Function

NGS Analysis and Genomic Research

GET IN TOUCH

📍 **Nagananda Commercial Complex, 18th Main Road, Jayanagar 9th Block, Bengaluru, 560-041, INDIA**

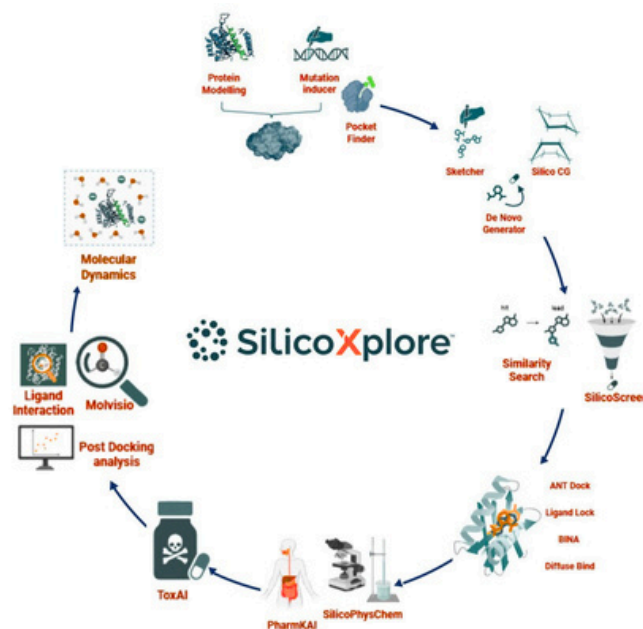

SilicoXplore is a powerful cloud-based digital platform by SilicoScientia for accelerating drug discovery and bioinformatics research. It combines AI-based solutions with a strong physics-driven foundation for accurate, science-backed results, offering integrated tools.

OUR PRODUCT

Expert-Driven, End-to-End Drug Development: All in One Place

WHY US?

- Expertise and Experience
- Innovative Solutions
- Quality Assurance
- Timely Delivery
- Impact Driven
