

## PROFILE

**Company Name – Kompass India Information Private Limited**

**Nature of Business**

Kompass is 80 years old state of art B2B platform (<https://www.kompass.com>), with global presence we connect 60+ million companies in over 70 countries, 200+ million contacts, 35+ million phone numbers, 25+ million email ids, 15+ million URLs & 7+ million visitors every month. We cover over 55,000 products & services in 27 business languages to simplify all your business needs to embrace success.

Kompass is a leading provider of B2B information and advertising solutions that can help your business succeed in today's competitive marketplace. With a presence in over 70 countries and a database of more than 60+ million companies, we are a global leader in providing market ranking reports. Our comprehensive database includes information on company profiles, products and services, and key decision-makers, making it an essential resource for businesses seeking to expand their reach and connect with new customers.

Kompass also offers a range of tools and services designed to help you target potential buyers both nationally and internationally. Our EasyBusiness offers enable you to access detailed information on potential buyers, including their contact information and buying habits. Additionally, our Booster (Advertising) Offer can help you promote your business to a global audience and increase your visibility in search engines and social media.

If you are looking to expand your business globally, Kompass can help. Our Export Mission and B2B Matching services connect businesses with potential partners and customers around the world, helping you to build new relationships and grow your business. At Kompass, we are committed to helping businesses of all sizes and industries succeed, and our innovative solutions and services are designed to support your unique needs and goals.
