Mobility

Staff Augmentation

Client Pre-requisite

The website suffered from slow performance, poor UI, security risks, and weak admin and order management.

Our Solution

We built a WordPress eCommerce site, later adding a mobile app and enhanced features.

Client Feedback

Since 2018, Techno Tackle has transformed us from a social media brand to a full eCommerce business.

- Mr Mohan P, Co-Founder , LKN

Client Pre-requisite

Looking for a reliable vendor to provide 30+ contract staff in Angular, Node.js, Python, QA, and NetSuite for short-term projects with long-term collaboration.

Our Solution

Deployed 25+ contract developers, offering cost-effective, flexible staffing with contract-to-hire options and access to pre-screened talent.

Client Feedback

Techno Tackle delivered top-tier candidates promptly, ensuring excellent contract staffing with attention to detail and commitment to excellence.

- Vineet Tyagi, CTO, USA

Staff Augmentation

Client Pre-requisite

The client lacks skilled resources for timely, high-quality technical content and training support.

Our Solution

We streamlined staffing by collaborating with trainers and IT firms, tracking resources, using internal databases, and posting job listings.

Client Feedback

We partnered with Techno Tackle and Technokey Learning for technical content and training, receiving skilled resources efficiently. We look forward to a long-term collaboration.

-Ms. Mythili Aruchamy, Program Manager, iamneo

Managed Teams

Client Pre-requisite

The client needed an online facility registration system and feature enhancements for Laravel & Moodle apps, including leadership module updates and bug fixes.

Our Solution

We developed a user-friendly online facility registration system ahead of schedule and secured a monthly maintenance contract with 6 dedicated resources for technical support.

Client Feedback

"We have been working with Techno Tackle for a few months now and are **very pleased with the quality of work**. Great Team to work with..!"

- Janes Council

[VP of Product Development., TDISDI, USA]

RAK Gold

Client Pre-requisite

The client spent hours manually managing orders, limiting productivity.
This reduced their focus on creative ornament design.

Our Solution

Deployed 25+ contract developers for cost-effective and flexible hiring.
Provided access to a pre-screened talent pool with relevant expertise.

Client Feedback

The client manufactures gold jewelry, sourcing raw gold and crafting pieces for their shops and other retailers, serving both individuals and businesses.

Managed Teams

Client Pre-requisite

HealthIQ.Plus clients needed a modern, enhanced web application for their product.

They sought improved functionality, design, and user experience.

Our Solution

Techno Tackle provides experienced developers and designers as managed teams.

We ensure seamless project execution, meeting client requirements efficiently.

Our team delivers high-quality solutions with flexibility and scalability.

Client Feedback

Techno Tackle delivers experienced developers and designers as managed teams, ensuring seamless execution and scalable, high-quality solutions tailored to client needs.
