## 3D Design & Concept Development

In today's competitive environment, it's imperative that your company stands out from the competition. Utilizing your market sector knowledge coupled with our dedicated creative designer's drive and experience, we can design and construct an exhibition stand that delivers the very heart of your brand.

Our experienced in-house exhibition stand design team will work with you to help to create a tailor-made exhibition environment concept that both meets your brief and exceeds your expectations.

## Production & Fabrication

In our fully equipped workshop we manufacture your design to the highest standard. Using the latest materials (from hardwoods to steelwork) and production techniques we work closely and efficiently to ensure complete cohesion from concept to completion. Our highly skilled team manufactures the design so they can be assembled onsite with ease. They are produced to be flexible and adaptable so you get the most out of your display.

## Installation & Dismantling

Our experienced team can get your exhibition stand built anywhere in the country and can provide you with invaluable support, local knowledge and guidance. We provide continuity of staff during site build up and breakdown, allowing you complete focus to concentrate on your event.

### Mall or Retail kiosk

From full shop fits to point of sale, promotional or shop within shop displays. We design and manufacture kiosks, Island retail units, carts and interactive stand alone kiosks with the highest quality products.

Our manufacturing facilities are equipped with the state-of-the-art machinery. Our team of experienced designers and engineers work together to ensure all project meets our clients and retail environment in a timely manner.

### Portable Display & Counters

Portable systems, including pop-up banners and display units, and our easy-to-assemble portable exhibition stand units. All come with handy trolleys or carry bags for ease of transportation. Robust and sturdy yet lightweight and compact, these products are ideal for trade shows, presentations, product launches and conferences.

### Custom Stand Construction

With our in-house workshop facilities Quantum can fabricate large-scale custom exhibition stands to the very highest of standards.

### Graphics & Signage (Neon & LED Signs, ACP & Acrylic Signs, Sun Board & Metal Signs)

From collation of artwork to final output, Quantum can take care of all of your graphical and print requirements. Our graphic design team can help you create eye catching graphical displays for use on your exhibition stand.

We develop brand communication graphics that is relevant, concise and that works in the immediate environment, ensuring that your exhibit stands out from the rest.

### Furniture & AV rental

Quantum stocks a large selection of modern furniture and cutting edge audio visual technology that are available for rental.

### Event storage & logistics

We can store and manage client's products, promotional materials, literature and giveaways. If required, a fully integrated stock management package can be tailored to your specific requirements.

### Project Management

Quantum offers a complete pre-show & on-site exhibition stand project management service, leaving you stress free to attend to the other important elements of your exhibition strategy. Our project managers have vast experience in getting exhibition stands built on-time and on-budget anywhere in the country.

We submit plans, risk assessments, method statements and any other details organisers require. Our team is on site to ensure every detail is finished to a high standard and on time.

## Why Quantum

With 10 years of experience and expertise in exhibitions – Quantum Design Studio, builds and manages the most extraordinary stands. The core purpose of exhibitions is to attract visitors and convert them to customers. Our team of stand designers have in-depth knowledge and expertise, who will support you in achieving your business goals.

### One Stop Shop

Having Quantum as your partner eliminates the tedious task of running from pillar to meeting vendors.
