We started out as a D2C brand

- Our D2C presence, began with amazon.in. In a little over 18 months on Amazon, we have become the 'preferred' Black Coffee blend on the platform
- Our South Indian Filter Coffee Liquid Decoction has been gaining a lot of traction
- We currently have 4 'Fulfillment Centers' one each in Mumbai, Delhi, Kolkata and Bangalore
- We have begun an experiment to ship 5 of blends across the US, Canada and Mexico through Amazon.com
- We introduced the Indian Single Estate Specials - a pack of 24 Red Honey and Barrel Brew drip bags for the North American Markets
- We are listed on Launch Pad on Amazon.in which is a sub-platform for startups with global ambitions

Other platforms we are present on in India
