BLUEPRINTSTRATEGIES.AI — Agentic-AI Startup (AAaaS) for Elections & Governance

Political Neural OS + Agentic-AI War-Room → convert emotion→seats; delivery→trust

— PROBLEM

Parties/CMOs lack audit-ready, real-time decision systems. Ops are ad-hoc; spend leaks; narratives are reactive; governance proof is fragmented.

— SOLUTION

Agentic-AI-as-a-Service (AAaaS) + Political Neural OS. Deployable agents for Campaign, Policy/Gov, Legal/Compliance, Constituency Ops & Narrative. Story→Stat→Action.

— PRODUCT

War-room stack: briefing notes, playbooks, KPI dashboards, decision theatre. Evidence-locked, source-controlled, Human-in-the-Loop (HITL) guardrails, zero-harm.

— TRACTION

MVP live; pilots running. India/Bihar OS demoed; dual-LLM validation; 84,700+ simulation rounds; governance-grade guardrails.

— BUSINESS MODEL

Agentic-AI SaaS subscriptions + 21-day pilot → statewide rollout. Optional success-linked: pilot free; ₹100 Cr success fee on CM formation.

— BUYERS

PM/CM/MP/MLA party war-rooms, policy units, GovTech operators (B2G/B2P).

— ASK

Pre-Seed ₹3 Cr (12-month runway) for productization, sales, compliance, deployments.
